

MTRX2700 Group 5

Meeting 17/04/2024

1900-2030

<https://uni-sydney.zoom.us/j/82618794296>

Attendants

Luke Marinaki ((LM)

Matthew Ma (MM)

Yunkan Luo (YL)

Apologies

None

Absent

NONE

Previous Action Items

Action	Owner
Finish Task 4	ALL
Finish README	ALL

Agenda

1. Review previous action items.
2. Finish implementing timer module into integration.
3. Check README

Minutes

1. Agenda 1: finished implement timer into Task 4, but the time interval not correct, finished README but need some correction on testing procedures and instructions.
2. Agenda 2: Got the whole Task 4 working, fixed the pre-scalar issue, add a function to stop the continuous timer.
3. Agenda 3: Discussed about what we need to add more about testing procedures, need to add more debugging information for example if something went wrong which section should the user check and what constants can be changed.

4. Discussion about demonstration.

Action Items

Action	Owner
Update README, mainly on the testing procedures.	ALL
